WELCOME TO PROVIDENCE LIFESTYLE OCEANSIDE RESORT

If you are interested in being one of the first in WA to explore the opportunity for over 50s beachside resort living, coming soon to Perth's scenic northern coastal corridor, welcome to Providence Lifestyle Oceanside Resort.

Planning your next chapter takes time, and for this reason, we want you to be in the know from the early stages of this exciting project. The kids may be moving out, renovations may be required to maximise your home's sale price, and often a year or two of planning and contemplation is necessary to make the right decision for your personal circumstances.

Providence Lifestyle Oceanside Resort is located in Two Rocks, offering a beachside over 50s community like no other along WA's northern coastline.

The Resort will be thoughtfully curated coastal-inspired living – brought to life by the experienced and award-winning Providence Lifestyle Resorts' team.

Most recently, Providence Lifestyle Resorts was awarded the 2026 UDIA National Seniors Living Award and the prestigious Russel Perry Award for Urban Development Excellence in 2025 for their Piara Waters Lifestyle Resort.

A holistic lifestyle experience, Providence Lifestyle Oceanside Resort will deliver elevated coastal living with amazing ocean views, beautiful breezes, and the Providence focus on high quality facilities, security, privacy, social engagement and convenience.

The Resort will include a suite of beautiful, maintenance free 1, 2 or 3 bedroom contemporary and breezy home designs to select from, so that rightsizing your life is simple.

Stage 1 will see the construction of at least 30 stunning homes and with interest already exceeding expectations, now is the perfect time to start reimagining your life by the ocean.

As seen from the Ocean Lodge

LUXURY AND SECURITY

Providence Oceanside intends to blend luxury, security, and plenty of coastal amenity to deliver a superior resort lifestyle for over 50s.

Providence communities are renowned for their extensive range of sought-after facilities. Our high-end Ocean Lodge and Country Club are a focal point where Homeowners can gather to socialise, stay active and mingle with the like-minded. At Oceanside, this space will radiate coastal relaxation and feature plentiful raw materials and natural elements.

Our gorgeous homes will be reimagined to nestle in Two Rocks, through the collaboration of award-winning WA architect Richard Hammond, Studio P2, and Elevate Creative & Design, which are Providences' preferred community living specialist partners. Designed with the principles of passive solar energy in mind, our homes are on individual lots with no common walls.

Oceanside Resort's 1, 2 and 3 bedroom beach-inspired designs will embody laid-back holiday vibes while delivering an easy care, lock-and-leave lifestyle. Inside, soft neutral palettes and flowing fabrics create a wave of calm. Open layouts and large windows flood the space with natural light.

The outdoor entertaining spaces of these coastal homes will be purposely designed to accommodate beautiful summer days, yet

have the necessary screens, shutters, or blinds as standard to accommodate the sometimes inclement West Australian coastal weather conditions.

At Providence, exclusivity, privacy, and security are assured, thanks to our gated entry and exit access points, enhanced by advanced surveillance systems – including automatic gates with number plate recognition for Homeowners and registered family members and guests.

AFFORDABLE AND SUSTAINABLE

Providence Lifestyle Resorts unite luxury and affordability.

There are no entry or exit fees and no stamp duty on our turnkey home packages.

Many Homeowners downsize into our communities to free up funds that allow them to pursue long-held – or new – dreams and enjoy well-earned freedom.

Living in a Providence Resort also helps reduce your energy and data costs. Thanks to our focus on technology and sustainability, homes are designed with cross flow ventilation and good solar orientation as well as built in WIFI and access to fast data download.

RESORT FACILITIES

WELLNESS AND CONNECTION

Providence Lifestyle Resorts are curated to bring wellbeing and social connection to our Homeowners. The fact that our spaces are strategically designed and shaped with these wellness goals in mind makes Providence a standout in our sector.

From the private grand Country Club to the Ocean Lodge and Wellness Cavern, Providence Lifestyle Oceanside Resort's collection of resort style facilities offers spas, saunas, pools, gyms, music rooms, day spas, community gardens, pickleball courts, a golf simulator, hobby workshops, and more. With everything you need to stay active, relax, and connect at your fingertips, our focus on health and wellbeing attracts vibrant, active Homeowners who prioritise quality of life and an enriching lifestyle at every stage.

Providence Lifestyle Oceanside Resort's coastal location provides the perfect setting for boating, fishing, paddling, walking, snorkelling and swimming, making staying active outdoors – while making the most of oceanfront living – easy.

MASTERPLANNED AND PEACEFUL

Downsizers and early retirees care just as much about their lifestyle and surrounding environment as their home.

Our masterplanned Resorts are meticulously designed, and homes constructed in groups of around 30-50. There are no surprises with how your street will look; each residence is created to be ideal for the lot it's on, complement neighbouring homes, and accommodate privacy and solar orientation. Street elevations and rooflines will epitomise a coastal holiday lifestyle, while home facades and colours will deliver interesting and attractive streetscapes.

Importantly, masterplanned communities also maximise privacy, ensures our beautiful residences are peaceful spaces that provide a true sense of freedom, and paves the way for helping Homeowners stay naturally connected with others, should they wish to.

LOCALE

Nestled in the fast-growing northern coastal haven of Two Rocks, the Resort is just a short drive from the Yanchep train station and a mere 400m from the sparkling waters of the Indian Ocean.

To ready yourself to live Oceanside, register your interest in Providence Lifestyle Oceanside Resort now.

VISION AND VALUES

The driving force behind Providence Lifestyle is John Wood, one of Australia's most experienced lifestyle community developers and operators. John boasts an impressive history, having founded National Lifestyle Villages (NLV) in 1999 and subsequently establishing 14 successful communities across Australia. In 2020, John established Providence Lifestyle alongside fellow directors John Green, James Turnbull and Brad Denison to push the bar further and continue to innovate for a more discerning and younger market.

When I first started selling and supplying transportable homes into caravan parks 35 years ago, I didn't realise the lifestyle land lease industry had begun the same way all around the world.

Initially, these communities were about affordable, safe and secure community living options for retirees and the homes were small and lightweight. Now, the global industry, including WA, has matured to meet the more discerning needs of the growing population of baby boomers and the homes are extremely high quality. More and more people are looking for a contemporary, no compromise alternative to the typical retirement industry offerings.

As one of the first business people in WA to put time, energy and capital into offering something more and different in this space, there was limited government guidance or legislation available. I had to improvise and introduce new concepts and policies that legislation would eventually adopt. To help the concept and venture succeed I did a couple of things that really helped guide me along the way.

The values we live by in business are just as important as the products and service we offer!

Once we were developing multiple villages, the vision in my head, and the values I wanted my team to live and work by, became harder to communicate. One of my coaches encouraged me to write them down clearly and concisely, so they could guide the team's daily decision-making.

When we began including our vision and values in our marketing literature, I truly realised their importance. They've struck a chord with so many people contemplating moving into one of our Resorts. This is because the vision and values an organisation adopts is a clear indicator of how they want to behave in business, in the community and in the wider environment.

The Providence team has spent time fine-tuning our Vision and Values statement, which I'm pleased to share with you. This guides all decisions and interactions we have. It continues to evolve, but we love that it helps hold us accountable, and our intention is to honour these words.

JOHN WOOD Providence Lifestyle Founder and Director

Artist's impression of the Ocean Lodge

OUR VISION

We create safe, social and sustainable residential Resorts with fabulous facilities and experienced management facilitating physical and mental wellbeing.

Heart

We care

We act with integrity, trust and respect, looking for fair outcomes for all stakeholders, and acknowledge mistakes so that we can learn and grow.

Accountable

We step up

We are responsible for the creation of our experiences; we hold people accountable without assigning blame and strive to make choices from love instead of fear.

Responsible

We reflect, then act

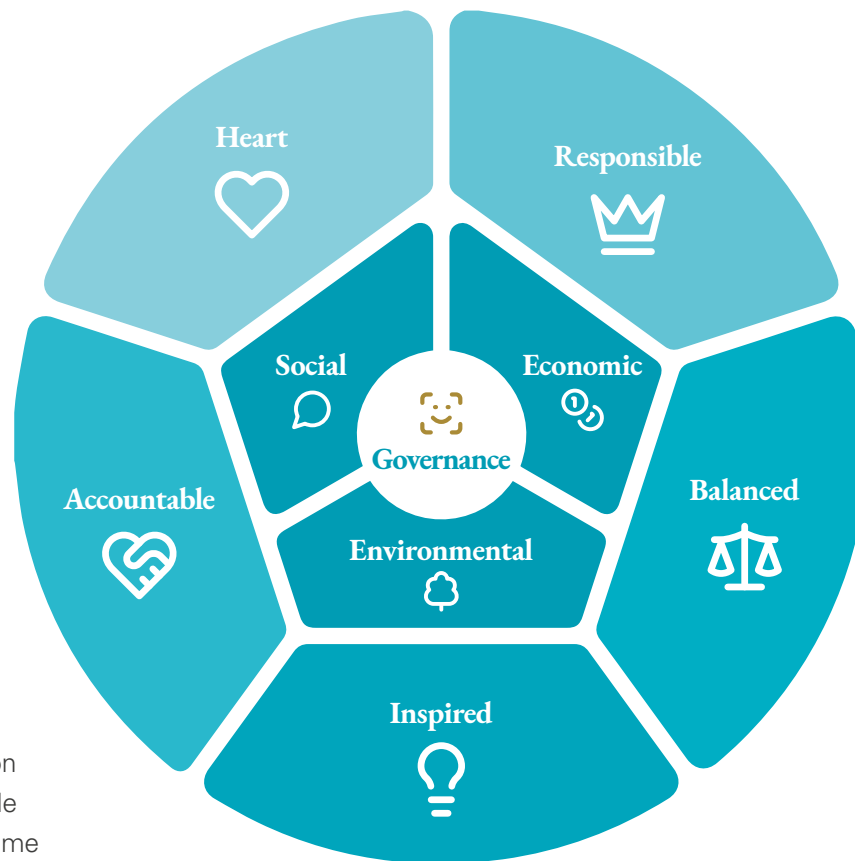

We trust ourselves and our colleagues to respond appropriately, reflecting on our vision and values when making decisions.

Balanced

We view life holistically

We value, protect and care for the balance we all need between family, spirit, work, exercise and fun.

Inspired

We are innovative

We value ideas, innovation and creativity, are passionate about what we do and we don't mind questioning the status quo and being courageous.

Social

It's all about people

Enriching communities are developed by people who care about people. Providence Lifestyle supports a culture of innovation and growth in an inclusive, safe, friendly, healthy and engaging environment where relationships are nurtured and people have fun.

Economic

The money has to make sense

Providence Lifestyle provides value for money lifestyle choices for Resort Homeowners. By successfully delivering value, it provides sustainable financial reward for all stakeholders.

Environmental

We are custodians

Providence Lifestyle cares for the broader environment. Everything we do considers the environment we share. We are at the forefront of introducing ways to reduce our ecological footprint and create a better world for our children to inherit.

Governance

We make it real with good care

Providence Lifestyle applies strategies to ensure that good governance is applied in all decision making to ensure our commitment to social, environmental and financial outcomes are delivered.

THE 'WOW' FACTOR

Every Providence Lifestyle Resort is built to deliver an exceptional living experience - from thoughtfully planned facilities and architecturally crafted homes to beautifully landscaped grounds. Below are the premium features included in your turnkey price.

PROVIDENCE LIFESTYLE OCEANSIDE RESORT MASTERPLAN

INTRODUCING THE HARMONY RANGE

We're excited to introduce a refined evolution in our home designs: the all-new Harmony Range.

Inspired by the much-loved Symphony Range, Harmony offers a fresh architectural direction with updated facades and contemporary rooflines that enhance the streetscape while staying true to the design philosophy our Homeowners know and love.

Footprints have been subtly refined to ensure each home maintains a seamless balance of function, flow, and form.

Harmony will debut at Oceanside and Wattle Grove, where each resort community features a carefully selected collection of designs that complement its overall vision.

This isn't a replacement of the Symphony Range – it sits alongside it. Buyers can choose a design within their master-planned community, creating a cohesive streetscape while still finding a layout that suits their lifestyle.

As with Symphony, the Harmony Range reflects our commitment to high-quality finishes and considered detailing from full-height tiling and keyless entry to a suite of premium inclusions and carefully selected fixtures throughout.

Both ranges continue to prioritise natural light, open living and inviting spaces that make everyday life feel easy, connected and enjoyable.

THE FOLLOWING FACILITIES CAN BE FOUND CLOSE TO PROVIDENCE LIFESTYLE OCEANSIDE RESORT:

- 1 Two Rocks Marina**
- 2 Two Rocks Community Pharmacy, BWS**
- 3 Neptune's Cafe**
